Opinions. Ideas. Thoughts. What are yours?

Tell us what you think, and help shape the new Monaghan Creative and Cultural Plan 2018 – 2022

Creative Ireland believes we all have a right to participate in the cultural life of the nation. A five-year plan for Monaghan will set out a range of collaborative & imaginative innovations, which will provide opportunities to explore our heritage, arts, culture, and all things creative.

This new initiative is for everybody living in Monaghan and sets out to make creativity and culture a central part of our communities so that we can all benefit from the wellbeing that this brings. It's based on the principle that creativity (culture and arts) enhances our lives and our County. With this in mind...

We want to know your thoughts.

We would love for you to pop-in to see us and share your ideas at one of our drop-in events:
