Monaghan County Development Plan 2025 - 2031

Monaghan is located along Ireland's dynamic Eastern Economic Corridor connecting Dublin to Belfast, thereby offering businesses looking to relocate or expand a clear strategic advantage. Uniquely positioned within easy reach of multiple sea and airports, Ireland's largest import and export terminals can be accessed from the centre of Monaghan in under 90 minutes.

Key Questions

- How can the development plan ensure the sustainable expansion of tourist facilities in County Monaghan?
- Should home grown town centre retail activities be protected and if so, how?
- How can small-scale enterprise, including rural and agriculture-based enterprise, be encouraged, and supported through land use planning?
