

Infrastructure and Services

Monaghan County Development Plan 2025 - 2031

Key Questions

- How can the use of public transport, cycling and walking be encouraged?
- How can we ensure that sufficient water and drainage facilities are available to accommodate the growth in housing, industry, employment, etc to 2031?
- How can flood risk be prevented and mitigated in new development?
- Are there adequate recycling facilities available to serve County Monaghan?
- Where should mobile communication structures be located to provide a modern network throughout the County?
- What policies should we have for waste and recycling?
