

**Environmental Protection** Agency Regional Inspectorate The Glen, Monaghan

## Test Report

Drinking Water [European Communities (Drinking Water)(No.2) Regulations 2007 (S.I. No.278 of 2007)]. Report of:

**Monaghan County Council** Report to:

Report date: 25/09/13

Location sampled: Tydavnet G.W.S

Date collected: 03/09/2013 Date received: 03/09/2013

Analysis group: **CHECK** 

Comments:

- Results highlighted and in bold exceed specified limits even taking uncertainty of measurement into account
- Uncertainty of measurement values have been assigned for each parameter and those for accredited tests are provided in a separate document. Uncertainty figures are automatically applied when calculating limit exceedances as per note 1
- All metals analysed in EPA Richview Laboratory Cyanides, PAH's, Bromates, Phenols, Pesticides, Atrazine, Simazine, Kjeldahl Nitrogen and Surfactants are sub-contracted to either Alcontrol Laboratories or TMS Environment Ltd.
  nm "Not measured"
- 4) nm
- "None detected" 5) nd
- 6) nt "No time" - Time not recorded

- tntc "Too numerous to count"
- for Indicates that the testing did not meet the quality control criteria as required by INAB and therefore the result cannot be reported. 8)
- "Field measured parameters"
- \*\*\* indicates paramters/results produced from non-accredited analytical 10) methods.
- Test Reports relate only to the samples tested and as described on report
- Test Reports shall not be reproduced, except in full, without the consent of the EPA.

25/Sep/2013

- 13) The laboratory is accredited by the INAB only for the parameters listed in the scope of Accreditation.
  14) Coliform Bacteria = Total Coliforms; E.Coli = Faecal Coliforms.
- 15) ATC = Acceptable To Consumers
