**1. Address by His Excellency Loyola Hearn, Canadian Ambassador to Ireland:**

In welcoming His Excellency Loyola Hearn, Canadian Ambassador to Ireland, the Mayor stated that it was a great honour and privilege for him, as Mayor of County Monaghan, to welcome the Ambassador to the county. He looked forward to the same working relationship with the new Ambassador as they had with his predecessor Ambassador Binns. Cllrs McElvaney, McNally, Conlon and Connolly, on behalf of their political groupings, joined in the welcome to the Ambassador as did the Acting County Manager on behalf of the staff.

The Mayor then invited Ambassador Hearn to address the Council.

Ambassador Hearn thanked the Mayor and Members of the Council for the opportunity to address them. He paid tribute to Willie McKenna (who was present at the meeting) for his efforts in forging and perpetuating the strong links existing between Monaghan and Canada. He also acknowledged the role undertaken by his predecessor, whose roots were from the Monaghan area. The Ambassador outlined his progress in the political field and detailed some of the turbulent recent history of the Canadian Conservative Party of which he had been a member.

He expressed his delight at receiving the Ambassadorship to Ireland and stated that he grew up in a community that was completely Irish and had been good friends with Tommy Makem over the years. He was in Ireland to promote Canada and he also wanted to help promote Ireland in Canada and to help Irish people avail of the opportunities that existed there. Canada had increased the number of visas available to young Irish people between 18 and 35 years to 5,000 and have also agreed to renew these visas for a second year. He stated that in the near future Canada hopes to sign a major free trade agreement with Europe and Ireland could grasp a fair share of the opportunities available because of its geographical position. He looked forward to visiting a number of local businesses during his time in the county.

He referred to the lack of year round direct flights between Ireland and Canada and stated that he was aware the Irish-Canadian Business Association are having meetings with politicians and airlines on the subject and he encouraged the Council to put pressure on the relevant bodies to ensure this happens.

Following his address, Mayor Crowe made a presentation of crystal to the Ambassador.

The Ambassador then withdrew from the meeting.

### **Vote of sympathy**

Cllr McNally referred to the terrible atrocity in Omagh, that weekend which had resulted in the death of Ronan Kerr, a member of the Police Service of Northern Ireland in a car bomb explosion and called on the Council to condemn outright the actions of those who had planted a bomb under the car of a defenceless young policeman who had only recently qualified. He stated that the message had to go out to the people involved in this terrible act that they had no role, act or part to play in this society – people want peace and are enjoying peace. A number of members joined in the sentiments expressed by Cllr McNally.

*Cllr McNally proposed that the sympathy of the Council be extended to the family of the late Ronan Kerr, a member of the Police Service of Northern Ireland who was killed in a car bomb blast in Omagh that weekend. It was further proposed that the Council be represented at the funeral by the Mayor. Cllr McElvaney seconded the proposal which was agreed unanimously.*

He stated that at the recent road area meeting it was clear that sufficient funding is not available to deal and that they will reach a situation later in the year when the Council would not be able to do the basic repairs. He called on the Minister to review the National Roads Authority allocations for national primary and secondary roads and re-allocate funding of at least 10% to local roads in Co. Monaghan. Cllr O’Hanlon complimented the Town Manager for his actions in securing the erection of a hoarding around the exterior of the site. He stated that the situation is extremely dangerous with two car parks basically submerged in water and problems in relation to the stagnation of this water. Cllr McNally seconded the motion and claimed that children were gaining access to the site through the back and sides of the location and that there was water within the site up to ten feet deep in places. Cllrs. Keelan and Carthy also spoke to the motion.

The Acting County Manager stated that he would bring the matter to the attention of the Health and Safety Authority.

- (iv) Notice in the names of Cllrs Maxwell, Murray, McPhillips, Bannigan and McElvaney:

**Cllr Maxwell proposed, Cllr McPhillips seconded –**

*“ That Monaghan County Council write to the Minister for Energy, the Electricity Supply Board and the Energy Regulator calling on the ESB to reverse its decision not to reduce the price of electricity to customers whose accounts are in arrears.”*

In moving the motion Cllr Maxwell referred to the recent announcement by ESB of price reductions in electricity charges which could result in savings of circa €120 per year for the average family. However, it was noted that customers in arrears could not avail of the price reductions. Cllr Maxwell stated that it was unfair that people doing their best to pay arrears are being penalised by not being able to avail of the cheaper rates. Cllr McPhillips seconded the motion and stated that while ESB were to be commended for passing on price reductions to its customers it was regrettable that persons who had already engaged in repayment schemes would not be eligible. Cllrs Gallagher, Connolly and McNally also spoke in favour of the motion.

The Mayor then put Cllr Maxwell’s motion to the meeting and it was agreed unanimously.

The meeting then concluded.
