The County Manager advised the Council that the Council is required to prepare a report on its proposed capital programme in accordance with Section 135 of the Local Government Act 2001. In accordance with this requirement the capital programme for Monaghan County Council for the 3 year period 2010, 2011 and 2012 has been circulated to each member for consideration. He stated that he wished to stress to the members that the data contained in the programme is completely reliant on capital monies being made available by the Department. The Local Government Act 2001 was framed in the expectation that local authorities would receive 3 year rolling allocations on capital funding from the Exchequer – this has not been the case up to now. He stated that capital funding for programmes such as roads and housing are traditionally allocated on an annual basis, (normally in the Spring of the year in which the monies are to be expended). Other programmes such as water services, provision of new fire stations, libraries, etc., are allocated on a project by project basis. *On the proposal of Cllr Humphreys, seconded by Cllr Carthy, it was agreed that the Council write to the Minister for Transport outlining the fact that it will cost €8m to repair the damage to the roads and the Council has received no additional funding despite the fact that Co. 14. Has the Council evaluated what direct impact the recent decisions relating to the imposition of VAT by Local Authorities will have on the delivery of Council services to the people of County Monaghan and what are the likely implications of the decisions on Council finances in the short, medium and long terms?

**Reply:** *It is unlikely the introduction of VAT will have a significant impact as regards County Council services. At present it appears that the only major service that will be affected is the Council's Landfill. There should be no impact on the general public as all users of this facility should be registered for VAT and will be able to reclaim any VAT paid on landfill fees. These contractors already include VAT on their invoices to households and businesses and therefore there should be no increase in charges.*

*The introduction of VAT is likely to have a slightly positive impact on the Council's finances as the Council may be entitled to reclaim VAT on any service that VAT is charged on. The full impact will be examined when the legislation is issued.*

**Reply:** *Monaghan County Council carries out two routine scouring programmes on each public water network each year – in Feb/Mar and Sept/Oct.*

*Non-routine or emergency scouring may be carried out at any time in response to water quality issues.*

28. What stage are plans at to erect public lights on the Ballybay road, Newbliss?

**Reply:** *The provision of public lighting on the Ballybay Road, Newbliss is currently on a waiting list of 15 such schemes awaiting funding in the Clones Area.*

**Urgent Business:**

The Mayor stated that she had received a notice of urgent business in the names of the Sinn Fein Members, as follows:

*“ That this Council calls on the HSE to reverse the proposed closure of the 12 bed Admissions Unit and the Day Centre at St. Davnet’s Psychiatric Hospital in Monaghan.*

*We also call on the Minister of State for Mental Health John Moloney T.D. to intervene with the HSE to prevent these proposed closures. ”*

In moving the motion Cllr B. McKenna stated that this was a retrograde step for the people of the county. It is widely recognised that St. Davnet’s Hospital operated one of the best and most modern systems of dealing with mental illness. It is now proposed that the hospital’s excellent admissions unit be closed and moved to Cavan which is a smaller unit and with less opportunities for people to be admitted there. He believed that the Minister for Health and the HSE are intent on decimating health services in Co. Monaghan.

Cllrs Connolly, Connolly, McElvaney, Humphreys and Gallagher also spoke to the motion and concurred with the sentiments expressed by Cllr B. McKenna.

*On the proposal of Cllr B. McKenna, seconded by Cllr Conlon it was agreed that the Council write to the Minister of State for Mental Health John Moloney T.D seeking a meeting to discuss the proposed closure of the 12 bed Admissions Unit and the Day Centre at St. Davnet’s Psychiatric Hospital in Monaghan.*

The meeting then concluded.
