Cllr S. Conlon asked:

16. What progress has been made in relation to sourcing a suitable site, design and funding for a new County Museum?

Reply: Following on from the April County Council meeting where members agreed that the new museum should be sited in Monaghan Town, Museum Curator, Liam Bradley and Monaghan County Council Senior Executive Engineer Alan Hall along with other relevant

County Council staff worked to develop the appropriate documentation required to tender on a phased basis for a capital build project of this nature which would incorporate the assessment of a number of potential sites in Monaghan Town for the new museum. Assistance was also sought from Fingal County Council who have liaised with Monaghan County Council in the past in the development of capital projects. Once these documents were complete the Museum Curator and Aige King met with Donal McDonald who has vast experience in sourcing and managing funding from the Peace programme to ensure that the tender brief and associated documents reflected the objectives of the upcoming Peace IV programme. Monaghan County Council are now ready to tender for a suitable company to work with them to bring the new museum building to Part VIII planning stage, which will be a requirement of the Peace IV application process.

Monaghan County Museum received an allocation of €5,000 from the Dept of Arts, Heritage & the Gaeltacht as well as €15,000 from Monaghan County Council to carry out this work. At present there has been no official statement from SEUPB as to when the Peace IV programme will be launched but it is envisaged to be in Spring 2016 at which time an application will be made to fund the cost of building the new museum in Monaghan Town.

Cllr S. Conlon asked:

17. With the passing of twelve months since the signing contracts for the purchase of 28 acres of land and 17 houses at Latlorcan in Monaghan town, is the Council any closer to taking ownership of these properties?

Reply: The appointment of the Administrator acting in respect of the sale of this property is currently the subject of a Judicial Review. The sale cannot be completed pending the conclusion of this case, which is due before the Courts in early 2016.

18. What progress has been made regarding the proposed Memorandum of Understanding between Coillte and the Council in relation to enhancing recreational facilities at Coillte properties at Rossmore Park, Dartrey, Black Island, Billy Fox Memorial Park, Derrygorry and Eshbrack?

Reply: A change in personnel within Coillte (Recreation Section) has led to a delay in progressing this proposal. Renewed negotiations will now commence with the relevant staff within that organisation.

Cllr R. Gallagher asked:

19. What is the current position regarding the next phase of road re-alignment between Corracrin and Emyvale village?

Reply: Monaghan County Council is currently discussing accommodation works with affected landowners and tender documents are currently being finalised by the projects consultants. It is intended to seek formal approval from the TII to commence the tender phase of the project before the end of 2015.

Cllr R. Gallagher asked:

21. Has the Council received any finance for social housing from central government and if so, how much and at what locations does it intend to spend it?

Reply: In 2015 Central Government announced that the “Targets for delivery under the Social Housing Strategy 2015, 2016 and 2017” for Monaghan are as follows: Current and Capital combined target 205 with an estimated cost of €11.5million. 55 of the 205 to be delivered by L.A. own construction/acquisition programme and returning voids to use with a Provisional Capital Allocation of €10.4million over the period 2015 to 2017.

109 of the 205 to be delivered by L.A. through various forms of leasing including the Capital Advance Leasing Facility in partnership with Approved Housing Bodies. 41 of the 205 to be delivered through the Rental Accommodation Scheme. In 2015 funding has been allocated for several ongoing projects including: Mullaghmatt Phase 3 which returned 9no vacant houses to use in April 2015, the construction of 9no new houses at McCurtain Street, Clones, the construction of an 8-bedroom Group Home and 10no houses at Drumillard by Castleblayney Care Association under the Capital Assistance Scheme(C.A.S.).

C.A.S. funding has also been provided for the provision of 6 units of accommodation for people with disabilities in Monaghan town in conjunction with Newgrove and Tuath Housing Associations and for 7 units of accommodation for people with disabilities in Carrickmacross in conjunction with Respond! and North & East Housing Associations. In addition the Council is awaiting approval of a 7-bedroom Group Home for people with disabilities planned for Convent Lands, Carrickmacross.

So far Monaghan County Council has Department approval for two direct new build construction projects; €2.6million approved for Monaghan Town and €1million approved for Castleblayney. The Department has indicated that Phase 4 of the Mullaghmatt Remedial Works Scheme will be approved shortly and has separately given the go ahead for a feasibility study by Cluid Housing Association into the potential conversion of an existing disused building into apartments in Monaghan town.

The Department has approved funding for the completion and purchase of 9no houses at Thorndale, Castleblayney by Cluid Housing Association and funding has also been made available for the direct purchase by Monaghan County Council of between 12 to 15 individual houses at various locations throughout the County to address urgent need. The Department and Monaghan County Council will also be supporting the purchase by Approved Housing Bodies of houses in Unfinished Housing Developments at Liseggerton, Clones (6) and Lough na Glack, Carrickmacross (30 plus). Funding from Central Government in the amount of €250,000 has also been provided for returning long term vacant social housing to use and a further similar amount has been provided to deal with 5no vacant derelict houses at Oliver Plunkett Park, Castleblayney and additional funding has been sought to bring two additional old derelict social houses back into use. In 2015 Energy Efficiency funding in the amount of €340,000 has also been provided by Central Government to improve cavity wall and attic insulation in the remaining 330 Council owned houses that have cavity walls. So far a total of 1,300 Monaghan County Council owned houses have been

improved under the Energy Efficiency programme with less than 100 Council owned houses remaining that have not had Energy Efficiency measures, which are to be surveyed for the next phase in 2016.

Monaghan County Council in partnership with Approved Housing Bodies and Developers is also working on potential new build opportunities and proposals to bring vacant/derelict houses back into use in Monaghan, Carrickmacross, Castleblayney, Clones and Ballybay. To facilitate this it is intended that advertisements will be placed in late 2015 and/or early 2016 seeking expressions of interest for turnkey housing projects in County Monaghan.

Urgent Business:

Cllr Gallagher proposed, Cllr Mc Nally seconded

That this Council calls on the Minister of Justice and Equality, Francis Fitzgerald TD, to address, as a matter of urgency, the current dangerously low level of Garda numbers in the Cavan/Monaghan division – the most depleted Garda division in the country.

In moving the motion Cllr Gallagher said the Cavan Monaghan division was the most depleted unit in terms of Garda numbers in the country. As a result of the unfortunate death of Garda Tony Golden in Dundalk, there had been a transfer of up to 30 Gardai to Co. Louth, 16 of whom had been taken from Cavan/Monaghan. This left a situation where a division that had already been very lowly manned was now in a worse position in terms of personnel. Not only did Garda members feel exposed and vulnerable but so did local communities. He stated that on occasions there may be only two patrol cars covering the entire county, one in the north and one in the south.

Cllr McNally seconded the motion and said that since he came to the meeting that day he had received text alerts about a robbery which had taken place in South Monaghan. He proposed that the Council request the Chief Superintendent to meet with the Council and explain whether he was happy with his resources and what resources the Councillors might need to lobby for on his behalf. Cllr Gallagher seconded the proposal which was agreed by the Council.

Cllr P. Treanor called for Clones Garda Station to be returned to the status of a full-time Garda Station as there had been a significant increase in the level of criminal activity in the Clones area.

Cllrs McPhillips, Maxwell and Connolly also spoke to Cllr Gallagher's motion.

The Cathaoirleach put Cllr Gallagher's motion to the meeting and it was agreed unanimously.

Cllr Gallagher thanked the members for their support.

The meeting then concluded.
