Cllr. O Hanlon issued his previous concerns in relation to local companies not winning local authority work contracts and stated that there should be a social clause included in the contract award process. Mr. Flynn stated that there is currently no provision for local preference in the procurement of public contracts, nor was there reference to local preference in the current draft bill;- 'Social Clauses in Public Procurement Bill 2013'. He added that he would circulate a copy of the draft Bill to each of the members.

Cllr. Mc Nally agreed with Cllr. O Hanlon and said that a balanced approach to the awarding of public contracts, in the context of social clauses, was required.

## **2. Correspondence**

1. Ulster Bank Ltd regarding the closure of the Castleblayney Branch.

The bank made it very clear that the decision to close both branches was made and will not be overturned. Cllr. Campbell was also upset to hear that Ulster Bank had no plans to leave an ATM machine in its current position in Castleblayney. The only way an ATM will be in the town is if local businesses will take on same.

2. Irish Water's response to a query regarding the high levels of lime in the drinking water

Cllr. Keelan felt that the response was outrageous and proposed that this Municipal District write to Irish Water requesting a presentation be made by Irish Water to the members to discuss the problems that local people are having with lime scale etc in the area. Cllr. Mc Nally seconded Cllr. Keelan's proposal.

## **3. Consideration of Coordinators monthly report**

Mr. Flynn said that there was no report for the meeting. The 2014 work programme was complete and all operations were currently focused on normal maintenance duties for the months of December and January.

#### **4. Notices of Motion**

The following Notice of Motion was put forward by Cllr McNally:

*That Carrickmacross / Castleblayney Municipal District seeks a meeting with our counterparts in Louth County Council to discuss upgrading the road from Inniskeen to Conlon's Pub as it is a heavily used road as well as being the designated route for all Bus Eireann services between Carrickmacross and Dundalk.*

Cllr. Mc Nally added that given the importance of this road, a joint approach from Monaghan and Louth County Council needed to take place and see what can be done to make the road safer. He requested that Monaghan County Council meet with members of Louth County Council on site and take it from there. He said that if there was a cross-county approach it may help with getting funding from the Department.

Cllr. Keelan seconded the proposal and said that he was very conscious that road funding grants have been reduced in the last number of years. He said that this road was a strategic link into the historic village of Inniskeen and also an important bus route for the area.

3. Will the council confirm if they encourage land owners to trim hedges where there are health and safety issues (i.e. growing out onto roads, block sight-lines etc) even during the spring and summer months?

Response: Carrickmacross – Castleblayney Municipal District Office advise landowners of their obligations regarding hedge cutting. Hedge cutting notices are issued where landowners fail to respond to hedge-cutting requests.

The following question was asked by Cllr Keelan:

1. What plans has this District council to upgrade the R179 Regional Road from Carrickmacross to Culloville which is in a deplorable state of repair, and also given how important our regional

road infrastructure is for the economic development of this area, and also given that our citizens deserve to be driving on better roads?

Response: The District Engineer has had a number of discussions with Senior Engineers of Monaghan County Council regarding the need for restoration works on the R179.
