#### **3. Report from Municipal District Co-Ordinator:**

This report was circulated and Mr Mc Elwain gave a brief report to the members. Cllr McKenna queried if Traffic Calming in Emyvale would be ready this week and advised the meeting that the public should be consulted in regard to this. He also requested that the street surface in Emyvale village and Ballinode be resurfaced as both areas are in poor condition.

A discussion took place on the Community and Environment funding and Mr McElwain clarified that this fund was separate from the Municipal District Community Groups Fund.

Cllr. Gallagher welcomed the hedge cutting in the town and queried the Cootehill Flood Scheme at Drumbear. He also queried if there was an update on the Retail Co-ordinator for Monaghan Town. Mr McElwain replied that there is no update yet.

A discussion took place on other issues arising from the Report. These included the Latlurcan development, Public Lighting Database, Gateway Scheme, Junction at Roundabout, 30% Sterling Exchange Initiative and Pay Parking Fine Headline in local paper.

In relation to the headlines on the pay parking fine, Mr Murray clarified that the appeal was upheld but unfortunately there was a cross over in communication. Mr Murray advised the members that the Latlurcan development is still in receivership, the receivers are carrying out the works.

Mr McElwain gave an update on the Cootehill Flood Scheme. He also informed the members that the Gateway scheme is for a period of 18 months, 2.5 days per week, and the work would involve community work, i.e litter picking, painting, tidy towns, working with Residents Associations.

In relation to the Schedule of Municipal District works, Cllr Connolly requested comparative figures from 2014. Mr Murray stated that this was not possible this year due to the changeover from Town Council to the Municipal District in 2014, but comparative figures will be available from next year. A discussion took place on the Schedule.

#### **4. Questions:**

Cllr. Sean Conlon asked:

1. With the recent publication of CFRAM Flood Maps providing specific detailed information on flood risk areas in urban locations throughout County Monaghan, will Council Executive take pro active steps in seeking grant aid from the Department that will enable overdue remedial works in flood prone areas such as Milltown and the Monaghan Shopping Centre locations?

##### **Response:**

**The Council applied for funding to the OPW for a flood scheme at Milltown in March 2013 which was not successful. Although much work has been completed and the CFRAM Flood maps are detailed there is a lot of work to be completed before these two areas are fully assessed and hence a scheme cannot be prepared prior to this.**

2. In an effort to enhance our Tidy Towns efforts and appearance of the town will the Executive invite the Monaghan Sub Aqua Club to work in cooperation with Council outdoor staff in a cleanup endeavour along the Ulster Canal linear park located near the Mall Rd.

##### **Response:**

**The Municipal District contacted Monaghan Sub Aqua and they are to discuss this proposal at their next meeting.**

Cllr Robbie Gallagher asked:

3. In the interests of road safety can the council state when repairs can be commenced at Shanmullagh Bridge, Clontibret which is in a dangerous state of repair?

**Response:**
