## 5. Questions and Motions

**Cllr Aughey asked:**

1. Can the council deal with the poor visibility of the traffic island at the junction between the North Road and Rowan Tree Road {at the Railway Station}

**Response: There is already a public light in the vicinity referred to and there are no plans to make any changes to the lighting at the North Road / Rowantree Road junction at this time. We will investigate the installation of high-reflective tape or equivalent along the kerbline to improve visibility of the traffic Island.**

2. Regarding bin collectors - now that pay by weight is being introduced can we get the companies bringing back the bags for waste for our pensioners?

**Response: An agreement with the Irish Waste Management Association and the Government made in July 2016 means that pay by weight is not currently in operation. In relation to bags, from 1 July, 2016 household kerbside waste is only collected in approved receptacles which are designed for reuse, with the exception of the collection of such waste in specific areas designated by a local authority as being only suitable for the collection of such waste in non-reusable receptacles such as bags,(S.I. No. 24/2016 - Waste Management (Collection Permit) (Amendment) Regulations 2016)Furthermore it is a requirement of the County of Monaghan Bye-laws for the collection, storage and presentation of waste and certain related waste management matters, 2008 ,that waste be placed within a vermin proof container (section 5.1.(a))**

**Cllr Connolly asked:**

In relation to Unfinished Developments at Cnoc Na Greine, Tydavnet, Carrickroe and Latlurcan Glen (a) What is the timescale for completion of these developments? (b) What action will the MD take if this timescale is not complied with?

**Response: Cnoc Na Greine, Tydavnet**

**As none of the dwellings within this development are occupied, it is not classified as an 'unfinished estate'. The site has been fenced-off by the developer to prevent pedestrian access. There has been no progress by the developer and as there is no bond fund in place the Council has no funds available to carry out further remedial works.**

**In the event that further funding becomes available from the Department of Housing, Planning, Community and Local Government then Monaghan County Council will endeavour to allocate such funding to this site.**

**Carrickroe:**

**Monaghan County Council has previously undertaken works in respect of Carrickroe to include fencing off the unfinished area of the site and laying of wearing course to the public road. As there is no developer in place and no bond, there are no funds available to complete the development by Monaghan County Council.**

**In the event that further funding becomes available from the Department of Housing, Planning, Community and Local Government then Monaghan County Council will endeavour to allocate such funding to this site.**

**Latlorcan Glen:**

**Works have previously been overseen by the Council to complete the estate roads, repair entrance walls and railings and fence off the undeveloped portion of lands. - **Were notices issued under the appropriate Roads Act;**
- **Were they complied with, as residents are of the view, they were not;**
- **What steps are this Council going to take to resolve this issue?**

**2. Over twelve months ago I submitted a question requesting that landowners along the R186 from Drumreaske to Connolly's bridge be required to trim roadside hedges. To-date not so much as a blade of grass has been cut. How many notices were issued by this Municipal District; was there any response by the landowners concerned; how many, if any, enforcement notices were issued by the Municipal District; were any legal proceedings brought against any of these landowners? As we approach the deadline where landowners cannot cut hedges, what steps will this Municipal District take to ensure that the laws in relation to hedgecutting/trimming are complied with?**

**No enforcement notices were issued by the Municipal District and no legal proceedings were brought against any of these landowners as works were completed.**

**Under Section 70 of the Roads Act 1993, where offenders do not comply with a request or notice to cut or trim hedges or trees along a public road, they will be prosecuted and face a fine of up to €5,000 or 6 months imprisonment or both.**
