COVID-19 is still spreading and the vaccine is your best protection

Over 92% of people in Ireland aged 18+ are now fully vaccinated, and over 91% of people aged 12+ have received at least 1 dose.

However, COVID-19 is still spreading in our communities in Monaghan. Vaccines are proven to be your best protection against serious illness from COVID-19.

If you haven't had your vaccine yet or you've missed your second dose, you're more at risk.

There are now even more places available to get your free COVID-19 vaccine.

Register online or by phone: You can register online at hse.ie for a vaccination centre appointment if you're 16 or over. Parents of 12-15 year olds can register their children. Call HSELive on 1800 700 700 for a vaccination centre appointment.

Participating Pharmacies and GPs:

You'll find a list of pharmacies in Monaghan offering vaccines to people aged 12 and over on the next page.

Speak to your pharmacist or GP or check hse.ie for more.

Walk-in Clinics: You can get your vaccine without an appointment at a walk-in clinic. Children aged 12 to 15 must attend with their parent or guardian. Walk-in clinics are only for a first or second dose vaccinations. Visit hse.ie for a list of clinics in your area.

Media

Full page print ads ran in national and local papers this week reminding people that have not yet had their vaccine that there are now even more ways to avail of a free vaccination and that vaccination is still the best protection against serious illness caused by COVID-19. A radio ad will also run from October 22 -29. You can listen to the radio ad here.
