

# MONAGHAN ALERTS

**FREE  
SERVICE**

Monaghan Alerts is the new place to sign up to all public alerts in one handy, free service. The service is hosted by Monaghan County Council and supported by Monaghan Joint Policing Committee. You can choose to receive alerts on a range of things, including weather events, road closures, garda alerts and even community notices.

## You can join the service in 3 ways:

1. By downloading the 'Monaghan Alerts' app onto your smartphone. You will then receive alerts onto the app
2. By going onto the Council's website and joining there: [www.alerts.monaghan.ie](http://www.alerts.monaghan.ie)  
You can opt to receive messages by email or by text
3. By returning this paper registration form to any Council public desk or library branch, and we'll put it onto the website for you. You still get to opt for email or text messages

When you join, you will be asked to select the area of the county closest to you from a list. This is to help ensure that only relevant Garda and community\* messages are sent to you.

### You can select **ONLY ONE** area.

You can opt in and out of the various services at any time by changing your settings in your Monaghan Alerts account. You will receive a text with your account details when you sign up.

*\*Please note that the **community messaging** service is restricted to app and email subscribers only. (If you are a text subscriber you will not receive community messages, but will still receive Garda and Council messages.)*

**Please tick** I hereby give my consent to join and receive messages from the Monaghan Alerts Service. I understand that my personal data is to be used only in the provision of this service and I have the right to withdraw my consent at any time as outlined in the Privacy Notice provided on [www.alerts.monaghan.ie](http://www.alerts.monaghan.ie)

Your Name

Your contact info \*

Your signature

Today's Date

[Input fields for Name, Contact Info, Signature, and Date]

\* please enter either your email or mobile phone no. - whichever you'd prefer to receive messages to
